

Workshop on Arrangements for the Termination of
a Nuclear or Radiological Emergency

Training Workshop Feedback Form

Your feedback is important. It provides us with the information we need to continually improve and helps us to design workshops that best fit your needs. We appreciate you taking the time to do this.

Instructions: Please place an (X) in the box that best represents your response to the statement presented (from ‘strongly agree’ to ‘strongly disagree’).

Please add any written comments about the workshop at end of this form (use additional sheets as necessary). Provide any other feedback as you see fit.

Objectives: The purpose of the workshop is to raise awareness among personnel of relevant organizations at the national, regional and local levels and to train them on (a) how to prepare for facilitating smooth and prompt resumption of social and economic activity after a nuclear or radiological emergency; and (b) what steps to take so that the nuclear or radiological emergency can be declared formally ended, and the transition to either an existing exposure situation or a planned exposure situation can take place.
